

WAS MISERABLE COULDN'T STAND

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lackawanna, N. Y.—"After my first child was born I felt very miserable and could not stand on my feet. My sister-in-law wished me to try Lydia E. Pinkham's Vegetable Compound and my nerves became firm, appetite good, step elastic, and I lost that weak, tired feeling. That was six years ago and I have had three fine healthy children since. For female troubles I always take Lydia E. Pinkham's Vegetable Compound and it works like a charm. I do all my own work."—Mrs. A. F. KREMER, 1674 Electric Avenue, Lackawanna, N. Y.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Women who suffer from these distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

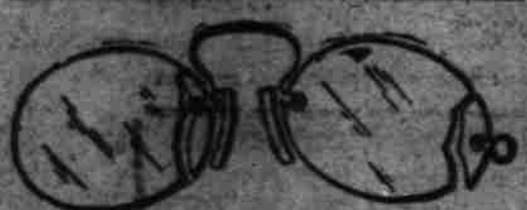

If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

RACE PROBLEM, RACE FEELING, UNKNOWN HERE

W. R. Farrington Quoted in Pasadena Paper on Hawaii Conditions

Hawaii has no race feeling or race problem, the Pasadena News quotes W. R. Farrington as saying on the occasion of a recent visit to the Hawaiian Islands. The following is reprinted from the News:

W. R. Farrington, vice president and general manager of the Honolulu Star-Bulletin, who was a classmate of L. A. Boardway of Pasadena at the University of Maine, is spending a few days in Pasadena, having just returned from the East, where he placed his son in the University of Wisconsin, and then went to Washington.

"We have strong hopes in Honolulu," said Mr. Farrington, "that the provision in the last tariff law for free sugar after May, 1916, will not be allowed to go into effect. We hope that the coming Congress will decide to keep the cent of tariff now remaining and if it does not, the situation in the Hawaiian Islands will be very serious. Sugar growing there is such an industry that our prosperity depends largely on whether the price of sugar is up or down. Our chief competition is in sugar from the beet sugar fields of Europe. The European war has kept the price of sugar at a good level lately, after the tariff when first declared made a very bad market."

"We sell most of our sugar to the sugar trust. Of our 600,000 tons, 400,000 goes through the canal to Atlantic ports, and 100,000 to Europe. The Hawaiian refinery at Crockett, Cal. As this population increases, we will send more and more sugar to the west coast and many think this market will eventually take all our supply. We ship what is called 'raw' sugar, resembling the old brown sugar, and on our tables in Honolulu we often use 'washed' sugar, or raw sugar with part of the molasses washed out."

"To stimulate the consumption of canned pineapple, in which there is said to be an overproduction, an advertising campaign of \$75,000 is being carried on in the United States. The condition for growers is serious since prices have been cut from \$24 to \$11 and \$7 a ton."

"We have no race feeling or race problem in Hawaii. Children of Chinese race go to the schools and a Chinese boy at a private academy attended by my son took the scholarship prize at the end of the year. This does not mean that the whites intermarry with Chinese and Japanese, although they do to some extent with the native Hawaiians."

"We think we have assimilated the Japanese population, but I think California is right in opposing wholesale immigration. The whole tendency of Oriental labor is to lower the wage scale and to drive white labor out in certain lines. There are 80,000 Japanese in our 200,000 population. They are good workers and some have gone into business."

"The removal of the American flag from the Pacific in the sale of the Pacific Steamship Company's vessels, some of the best ships that visited Honolulu, creates a serious situation for us. The Japanese will without question fill the breach with their ships, and that throws the carrying of our trade into the hands of foreigners."

"It is my first visit to Pasadena, and I am delighted. We have a climate that is famous in Honolulu, but many seem to miss the tang that results from your cool nights and evenings. I said to my wife that the people of Pasadena and Southern California have seized their opportunities. The roads are magnificent and apparently no effort has been spared to make your city beautiful and attractive."

MISS GRACE CROCKETT GETS INTO MICHIGAN ON NORMAL DIPLOMA

Word has been received at the Normal School that Miss Grace Crockett, daughter of Representative Crockett of Maui, and one of last year's graduates, has been admitted to the freshman class in the University of Michigan without entrance examinations.

In the short time she has been there she has given two interesting talks on the Hawaiian Islands to large numbers of her college mates.

The success of Miss Crockett is an instance of the Normal School's diploma being recognized in the United States by the universities of high standing.

DR. SYNGMAN RHEE TO OUTLINE ADVANCE OF KOREANS IN HAWAII

Tomorrow at the Pan-Pacific luncheon Dr. Syngman Rhee will tell the story of the Koreans in Hawaii, and it is expected that other English-speaking Koreans will discuss the Korean situation here.

The luncheon will be served at noon in the Y. M. C. A. gymnasium, and all friends of the Korean people are invited to attend.

HOLLOW ROLLING PIN FILLED WITH SHAVED ICE

The hollow glass rolling pin to be filled with shaved ice for use in pastry making, while not new, is a very clever invention, especially for summer, but, like all fragile conveniences, it must be handled with care. The hollow handles of glass may be corked, and they are better than the wooden handles that screw on as the latter are apt to swell and get out of order. Of course, the pin may be used with or without the ice.

MID-PACIFIC TO ISSUE SPECIAL COLOR EDITION

First Run of December Number Will Be 10,000 Copies; Designed as Guidebook

The largest edition ever gotten out by the Mid-Pacific Magazine is now on the press, and this special Pacific number will come out partly in three-color work and with several half-tone cuts of scenes in Hawaii, as well as scores of pictures depicting scenes in other lands of the Pacific.

Not only will this number be a complete guide-book to the Hawaiian Islands, but it will tell everyone around the Pacific, and in fact in every part of the world, just how to reach the Crossroads of the Pacific. Moreover, it will tell those in Hawaii just how to get to the other countries of the Pacific and what the chief points of interest are in those countries. In this way, the guide-book edition of Hawaii will also be a miniature hand-book of the whole Pacific.

Use in Tourist Bureaus. Ten thousand copies have already been ordered for distribution at home and abroad, and in addition, orders are coming in from the Australian and New Zealand governments for copies to be distributed by the tourist bureaus of those countries.

Both the sugar plantations and the business firms of the islands have taken much interest in the preparation of this number, many of these supplying color plates illustrative of the most attractive scenes in the islands.

There will be more than 200 pages of pictorial reading matter and the first edition of 10,000 will be ready to be shipped away about the first week of December, so that it may reach Washington in time for the opening of Congress, and may get to friends abroad for the Christmas season.

While this will be one of the regular numbers of the Mid-Pacific Magazine, it will be so bound that it may be used permanently as a guide-book to the islands and a hand-book of the Pacific ocean.

700,000 TEUTON LOSS IN SEPTEMBER, REPORT

PARIS, France.—A Rome special to the Journal des Bats says: "Italian military experts estimate the German losses in September at 300,000 in Russia and 100,000 in France. The Austrian losses are put at 250,000, of whom 80,000 are prisoners. In these estimates there are not included the victims of disease, the 10,000 troops drowned in the Polish marshes."

BOY SCOUTS ARE HOSTS AT BEACH CAMPFIRE RALLY

The most interesting night in the life of the Boy Scouts in Hawaii was spent by the boys on Waikiki beach Saturday night. Capt. J. Van Beuren Mitchell, chief of staff of Dan C. Beard, National Commander, being the guest of honor. Capt. Mitchell told stories, sang scout songs and talked of scout work. He said the scouts here were well organized and that he was surprised and pleased by their enthusiasm and efficiency.

Deputy Scout Commissioner Harry S. Hayward and Scout Master W. H. Hutton led the scouts when they sang songs about Hawaii. Capt. Mitchell reviewed the scouts on the beach, and after the review the big camp fire was lighted and the scouts gathered around it to listen to Capt. Mitchell's message from headquarters.

He told them of scout work on the mainland and of the objects of the organization, and highly complimented the Hawaiian scouts on their family with the work, and on the character of the boys enlisted.

Capt. Mitchell will leave Honolulu November 3, and will make a trip to South America to review Boy Scout organizations there.

KAMAILOPI ORDAINED AT PALAMA, WILL SOON HAVE WAIALUA CHURCH

Having given up a position in the land office, which he had held for 15 years, to enter the ministry, Samuel K. Kamaopili was ordained a pastor in the Kaunakapili church, Palama, yesterday.

The ordination services were conducted by Rev. O. H. Gulick, who was assisted by Revs. S. W. Kekuewa, W. Kama, H. K. Poepee and Henry P. Judd. The services opened with invocation by Rev. Kekuewa, this being followed by Scripture reading led by Rev. Kama.

Girls from the industrial school then sang, after which the ordaining prayer was given by Rev. Gulick, accompanied by the ceremony of the laying on of hands. The charges were delivered by Rev. Poepee. Rev. Judd delivered the address.

In the evening, Rev. Kamaopili preached a sermon in Hawaiian entitled "The Life of the Hawaiian Race." It is understood that within a short time Rev. Kamaopili will be given charge of the Hawaiian church at Waialua, this island.

The Pierpoint has accommodations for a few more guests either desirable cabins or rooms. Address Pierpoint, Waikiki. Phone 2876—ads.

DESERTIONS OF THREE WILL NOT KILL MINORITY

Workers for Short Ballot Plan to Put Up Stiff Fight at Meeting Tonight

Supporters of the form of charter proposed in the report of the minority of the committee of 15 will be less in number by three or more when the convention meets at the Young Hotel roof garden tonight at 7:30 o'clock than they were a week ago. The leading advocates of the minority charter admit that several of their delegates have either "gone over" to the majority or have decided to advocate a compromise.

"However, we will fight it out as long as there is any hope. We are going to try our strength when the reading of the majority report is begun, and will offer amendments where they seem to us to be needed. We hope to make radical changes in the report, as the way one of the leaders outlined the minority plans."

Oscar P. Cox of Haleiwa is said to be one of the minority men who has gone over to the other side. Cox has stood for the progressive movement all along, until a few nights ago, when he let it be known that he would not favor the minority report or the short ballot at subsequent sessions of the convention, say the progressive leaders. They do not know why Cox went over.

Two prominent Hawaiian delegates who have been aligned with the minority are also said to have changed their stand, and are expected to vote with the advocates of the majority report tonight.

TAKES FIFTY DOLLAR WAD OF BILLS, BUT LEAVES MAN'S PANTS

(Special Star-Bulletin Correspondence) HILO, Oct. 22.—Once more has the festive sneak thief gotten in his work and also gotten clean away with the proceeds of his robbery. The latest in a case in which a man went to bed leaving \$50 in his pants pocket, the trousers hanging on a nail in his room and woke up in the morning to find the very necessary garment still hanging in plain sight, but with no money in the pockets. Kabe, the well known employee of the First Bank of Hilo, is the robbed and the robber is not at present known.

Emperor William received Dr. Dalbor, the new archbishop of Poland, at German army headquarters in the field.
